

GRAND OPERA SURE TO BE A SUCCESS

Campaign of Eastern Oklahoma Will Open First of Coming Week.

SALES ALMOST \$4,000

Eight Hundred Tickets Have Been Sold to Date and Prospects Good.

The ticket sales for the grand opera which will be given in Tulsa on the nights of October 10 and 11 have been very encouraging and the promoters are sure that the season will be successful. The total sales at the time of closing last night amounted to \$3,775.50.

Secretary Douglas of the Chamber of Commerce is very well pleased with the rate in which the tickets are being sold. Most of the tickets which have been called for have been given to the citizens of Tulsa. Very few orders outside of the city have been filled.

The campaign for the sale of tickets in the eastern part of the state will open Monday, at which time Mr. and Mrs. Stewart M. Hamilton, who have been sent to Tulsa by the Ellis grand opera company, will begin their canvass of the state.

Lot of Publicity.
They will meet with the committees of the Chamber of Commerce and the secretaries on Monday morning and a systematic campaign will be arranged. Over eight hundred tickets have already been sold to the people of Tulsa and with the publicity which is sure to come the other cities of the eastern part of the state will be sure to take up their full share of the seats.

At 5 o'clock yesterday afternoon, the secretary of the grand opera committee of the Chamber of Commerce had taken in \$1,247.50 from cash sales of tickets and tickets worth \$1,528 had been reserved, making the total for sales \$3,775.50. Tulsa's grand opera will be the biggest event of the year and the people of Tulsa and Oklahoma will support it in a way which will make it a financial success as well.

To my friends and patrons I wish to announce my academy of dancing. 212 Ohio building, will be open after September 2. Those wishing private or group lessons, please call 2233. Studio for rent for private dances or clubs. R. R. Burke—Adv.

ECHOES

OF all the WORDS of FREELING or WOOLLEY, the SADDEST were THESE: "The FIGHT you CAN'T puller!"

SAND SPRINGS IS GETTING BRUTAL?

Humane Agent to Stop Roping Contest Scheduled for Tomorrow.

The "goat and steer roping" contest advertised to be staged at Sand Springs Labor day is a violation of the law and more brutal than "prize fights," according to Humane Agent A. M. Welch, who announced yesterday that an attempt to stage the contest tomorrow would mean the arrest of the promoters and participants.

Thirty-three cowboys and others were arrested here several years ago for taking part in a roping contest at the fairgrounds. All of them subsequently paid heavy fines.

"This is the most brutal sport known to this country," said Mr. Welch last night. "The contest that is advertised to be held at Sand Springs tomorrow is against the law and the offenders will be arrested and prosecuted."

Roping and throwing goats and steers, with the accompanying breaking of bones and tearing out of horns by the roots, may belong in Mexico or Spain, according to Mr. Welch, but it has no place in a civilized community.

So far as could be learned last night neither Attorney-General Freeling or Sheriff James Woolley had taken any action against Charles Page, who owns the park where the contests are to be staged.

abroad. I want to know the cost of production at home and in Europe as nearly as can be ascertained. I want to know the wage scale and what adjustment is necessary to develop our economic independence. I desire that in every way we should build up, foster and encourage.

"The day is coming when the United States will be put to a severer

economic test than it has ever before been put to. We must serve ourselves in peace with a discipline that nations abroad have been subjected to in war. We must find some way to organize ourselves—work together for the development of our business interests, for the expansion of every legitimate activity.

"I think that we always desire to take counsel together with respect to what is fair and just. The day has gone by when anything arbitrarily should be maintained in this land.

I think business men are entitled to know what they can do and what

they cannot do. I have no faith in legislation expressed in vague generalities. Such legislation does not meet the demands of the business community. We want to be right; we want to be fair; we want to know what the road is. And I propose that so far as within me lies that we shall know under standard legislation which affects the interest of the business community."

Mr. Hughes addressed an open-air audience at Clayton, a suburb, this evening and an audience in the coliseum tonight.

In his speech at Clayton Mr. Hughes said:

"We stand for the firm maintenance of all American rights with respect to every nation both on land and sea. We propose that the rights of American citizens shall be maintained wherever they are. We have no policies which would bring us into serious strife. But we have honest rights and so far as I am concerned I am not too proud to fight to maintain honest rights."

DETECTIVES O'VERRY and Pilkington raided the rooms over the Grand theater Friday night and confiscated a large amount of liquor. A place between the Fifth tracks and First street on Boston avenue also was visited during the night and a few bottles of beer rewarded the search of the officers. A negro joint on North Greenwood avenue likewise proved to be very "wet" at the time of the visit by the officers.

THE POLICE DEPARTMENT experienced a very unprofitable month during August in the matter of the amount of fines collected. The total amount of money brought into the treasury of the police department during the month just passed was \$4,242.50. This figure falls far short of the usual amount which has been registered at the first of every month. The vacation season of the members of the police department shows a great decrease when compared to the preceding month.

THE MONTHLY REPORT of the fire department for the month of August has been prepared and is ready to hand in to the city auditor. Thirty-four alarms were answered by the department. The total loss on buildings amounted to \$1,660 and the loss to the contents of the buildings was approximately \$1,900. Twenty of the fire alarms answered were caused by burning trash.
